

Nurturing the Future

SMART WASTE MANAGEMENT

Our 'Sustainable Earth' commitment

'Sustainable earth' embodies SIERRA INSTRUMENTATION AND CONTROLS outlook towards the solution for society business, through which we aim to solve the issues facing society by maximizing the benefits of information and communication technology. SIERRA INSTRUMENTATION AND CONTROLS Considers environmental management activities to the utmost and contribute to the prevention and solution of various environmental problems. We analyze mass balance in the company's business operations and use it to develop measures to reduce its impact on the environment. SIERRA INSTRUMENTATION AND CONTROLS applies the effort in the provision of "solution for society", to create a safe, secure, efficient and fair society where people lead the prosperous lives. The continuous improvements in our products & solutions establish a sustainable lifestyle base by utilizing limited resources effectively and taking measures to prevent damage to the global environment in order to live in harmony with the earth. SIERRA INSTRUMENTATION AND CONTROLS provides support in elucidating casual factors and in formulating countermeasures for various environmental problems in order to realize a sustainable society in harmonious coexistence with the earth.

SIERRA INSTRUMENTATION AND CONTROLS E-waste Collection programme

As a part of execution, the EPR activities, we have partnered with **Shruti Express** to support **SIERRA INSTRUMENTATION AND CONTROLS** for logistics support and **Simran Infotech**, Recycler/Dismantler registered with **Jharkhand State Pollution Control Board** to support in environmentally safe and sound management recycling/dismantling for all of our e-waste.

1. It is part of our agreement that **Shruti Express** collects e-waste from the collection centers and carry them to the **Simran Infotech** recycling/dismantling plant in environmentally safe and sound manner for the proper recycling/dismantling of e-waste.
2. **Simran Infotech** have all the authorization related to e-waste dismantling/recycling from **Jharkhand State Pollution Control Board** and having all connects related to air/water/hazardous waste. Their allotted capacity is **360 MT**

Also, our logistic partner **Shruti Express** will support for door-to-door collection of e-waste.

As per our agreement, environmentally safe and sound transportation and handling of all our e-waste collected from door-to-door service will be done by Logistics partner.

As per our agreement with **Shruti Express**, if any customer wants to handover their old product they can reach out to us on our **Toll-Free No. (1800 833 9775)** and register themselves.

Once registered, request for the pick-up will transferred to our Logistics Partner.

The **Toll-Free No. (1800 833 9775)** will be provided in the product brochure and on the marking stickers also.

During the collection of the e-waste, Customer will be provided with the receipt with the product description that can be used to gain the knowledge about the e-waste safe and sound disposal and benefit for them if any via policies/schemes

Details of Collection Centre/Points:

The collection centers meant for collection of material from end user and channelizing the same through our e—waste management partner **Shruti Express**. We will update CPCB time to time detail of our collection centers/Services centers expansion PAN INDIA.

Do's & Don'ts

Do's:-

1. Always look for the information on the catalogue with your product for end of life equipment handling.
2. All the electrical and electronic products are required to be handed over only to the authorized dealers
3. Keep the product in the isolated area, after it becomes non- functional/ unrepairable as to prevent its accidental breakage
4. If unwanted electronic equipment still work or can be repaired then consider donating them.

Don'ts:-

1. Do not dispose the product in garbage bins along with municipal waste that ultimately reaches to landfill.
2. Don't sell or give the discarded hardware to any trash dealer
3. Do not mix the products into household waste stream
4. The product should not be opened by user himself/herself, but only by authorized service personnel.
